Accessing Supplemental Design Data

Construction and Contractor Staff Access
Revised 1-20-17

The location for accessing Supplemental Design Data has changed. The old ftp site has been discontinued.

Supplemental Design Data can be access at:
https://mft.nd.gov/

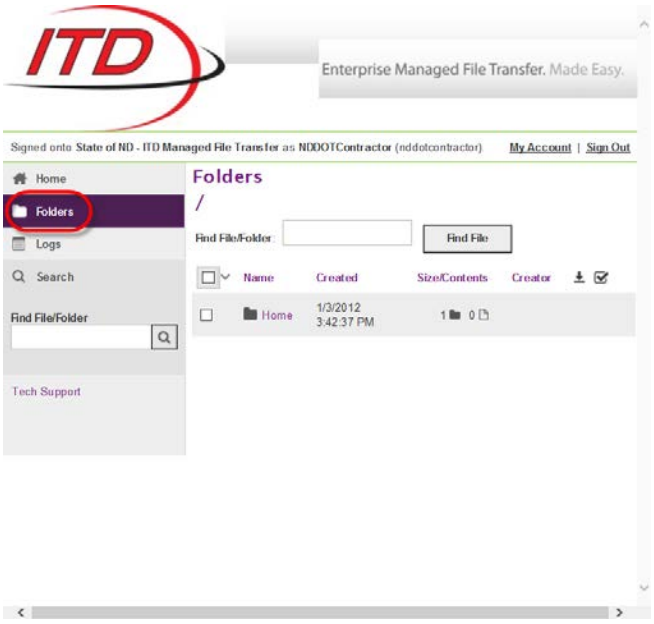
The following credentials should be used.
Username: **NDDOTContractor**
Password: **Build123**
The password is case sensitive.

Contact the NDDOT help desk at 701-328-4357 (dothelpdesk@nd.gov) if you're not able to access the MFT with these credentials.

You may need to install an application. Click on the "Install the Upload/ Download Wizard". This application will enable your computer to download multiple files at one time.

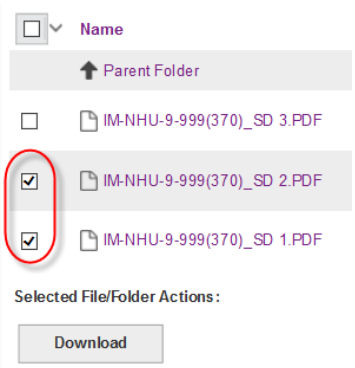
The file Upload/Download Wizard is not supported for the Chrome web browser. Please use Internet Explorer or Firefox.

Click on the Folders tab on the left panel.



Navigate to the folowing location by clicking on the folders in the middle pannel.

The subfolders are organized by

1. Year
2. Bid Opening
3. Job Number


Use the selection boxes to select the files that you want to download. You will be prompted for a location to save the files.
