EXPEDITE 5.9A UPGRADE

9/09/2010

The North Dakota Department of Transportation will be migrating to a new version of Expedite bidding software. The upgrade will be mandatory for the October 15, 2010 bid opening.

A free download of Expedite 5.9A will become available September 9, 2010. Contractors must use the new version of Expedite on the October 15, 2010 bid opening in order to open the October 15, 2010 Expedite project files.

The Department urges all contractors to perform this upgrade as early as possible to avoid any problems.

Expedite 5.9A will be available on the Departments web site at <http://www.dot.nd.gov/business/bidinfo.htm> and the Bid Express web site at www.bidx.com.
