Subject: RE: Williston US Highway 2 and 26th St Intersection Project

Mike I just followed up with Roger, and he told me we would like to send this out to a consultant. Thanks, sorry it took so long.

Subject: Williston US Highway 2 and 26th St Intersection Project

Bob,

We are reaching out to determine if OPD has determined whether or not they will keep the project development activities for the upcoming intersection reconstruction project at US Highway 2/26th Street/2nd Avenue in Williston? If OPD is interested in keeping the project, we can provide your group any information necessary for them to get the project started. If OPD does not wish to keep the project, we will begin the RFP process to send the project out to a consultant.

Thanks in advance for your time on this matter.
