

What alternatives are being studied?

The following alternatives will be moving forward for further analysis.

- Alternative 1: Build: Re-Align the route down 11.5 Ave. SE and connect to 3rd St NE.
 - This alternate would include the purchase of ROW from BNSF.
- Alternative 2: Build: Re-Align the route down 11th Ave. SE and connect to 3rd St. NE.
 - This alternate would include the purchase of ROW from BNSF and a portion of another property.
- Alternative 3: 12th Ave. alignment would remain unchanged, and the existing section would be to be paved.
 - Likely exceptions with the NDDOT, FHWA, and BNSF would be needed to move forward with this alternate. Alternative 3 would not meet the project's purpose and need.
- Alternative 4: No Build

Alternative 1

Please refer to the project map on pages 2 and 3.

- Construct alignment down 11.5 Ave. and connect to the existing properties.
- Option would not allow West-bound turn lanes off 3rd St. SE onto 12th Ave. SE.
- Existing property would be re-platted into commercial real estate.

Alternative 2

Please refer to the project map on pages 2 and 3.

- Construct alignment down 11th Ave. and connect to the existing properties.
- Option would allow West-bound turn lanes off 3rd St. SE onto 12th Ave. SE.
- Existing property would be re-platted into commercial real estate.

What is the purpose of the Public Input Meeting?

The purpose of the Public Input Meeting is to initiate early communication with the public, inform the public of the proposed project and provide an opportunity to provide feedback regarding the project.

How can I submit comments after the meeting?

Written comments must be submitted by mail or email by April 5th, 2022 to:

PUBLIC INPUT MEETING

Monday, March 21, 2022 · Formal Presentation 5:30p · Open House 5:00p - 7:00p
Council Chambers · City Hall · 102 3rd Ave.nue SE, Jamestown

What is the project?

The City of Jamestown, in cooperation with the North Dakota Department of Transportation (NDDOT) and Federal Highway Administration (FHWA), is proposing roadway improvements to 12th Ave. SE, from 3rd St SE to 6th St SE in Jamestown, ND.

An environmental document will be produced to meet the National Environmental Policy Act (NEPA). This document will analyze the potential environmental, social, and economic impacts of the proposed improvements to 12th Ave. SE, including Hot Bituminous Pavement Reconstruction, Curb & Gutter, Possible Realignment, and Storm Sewer.

Where is the project located?

The proposed project includes improvements on 12th Ave. SE from the junction of 3rd St SE to the junction of 6th St SE in Jamestown. Please refer to the Project Map on page 2.

What is the purpose of the project?

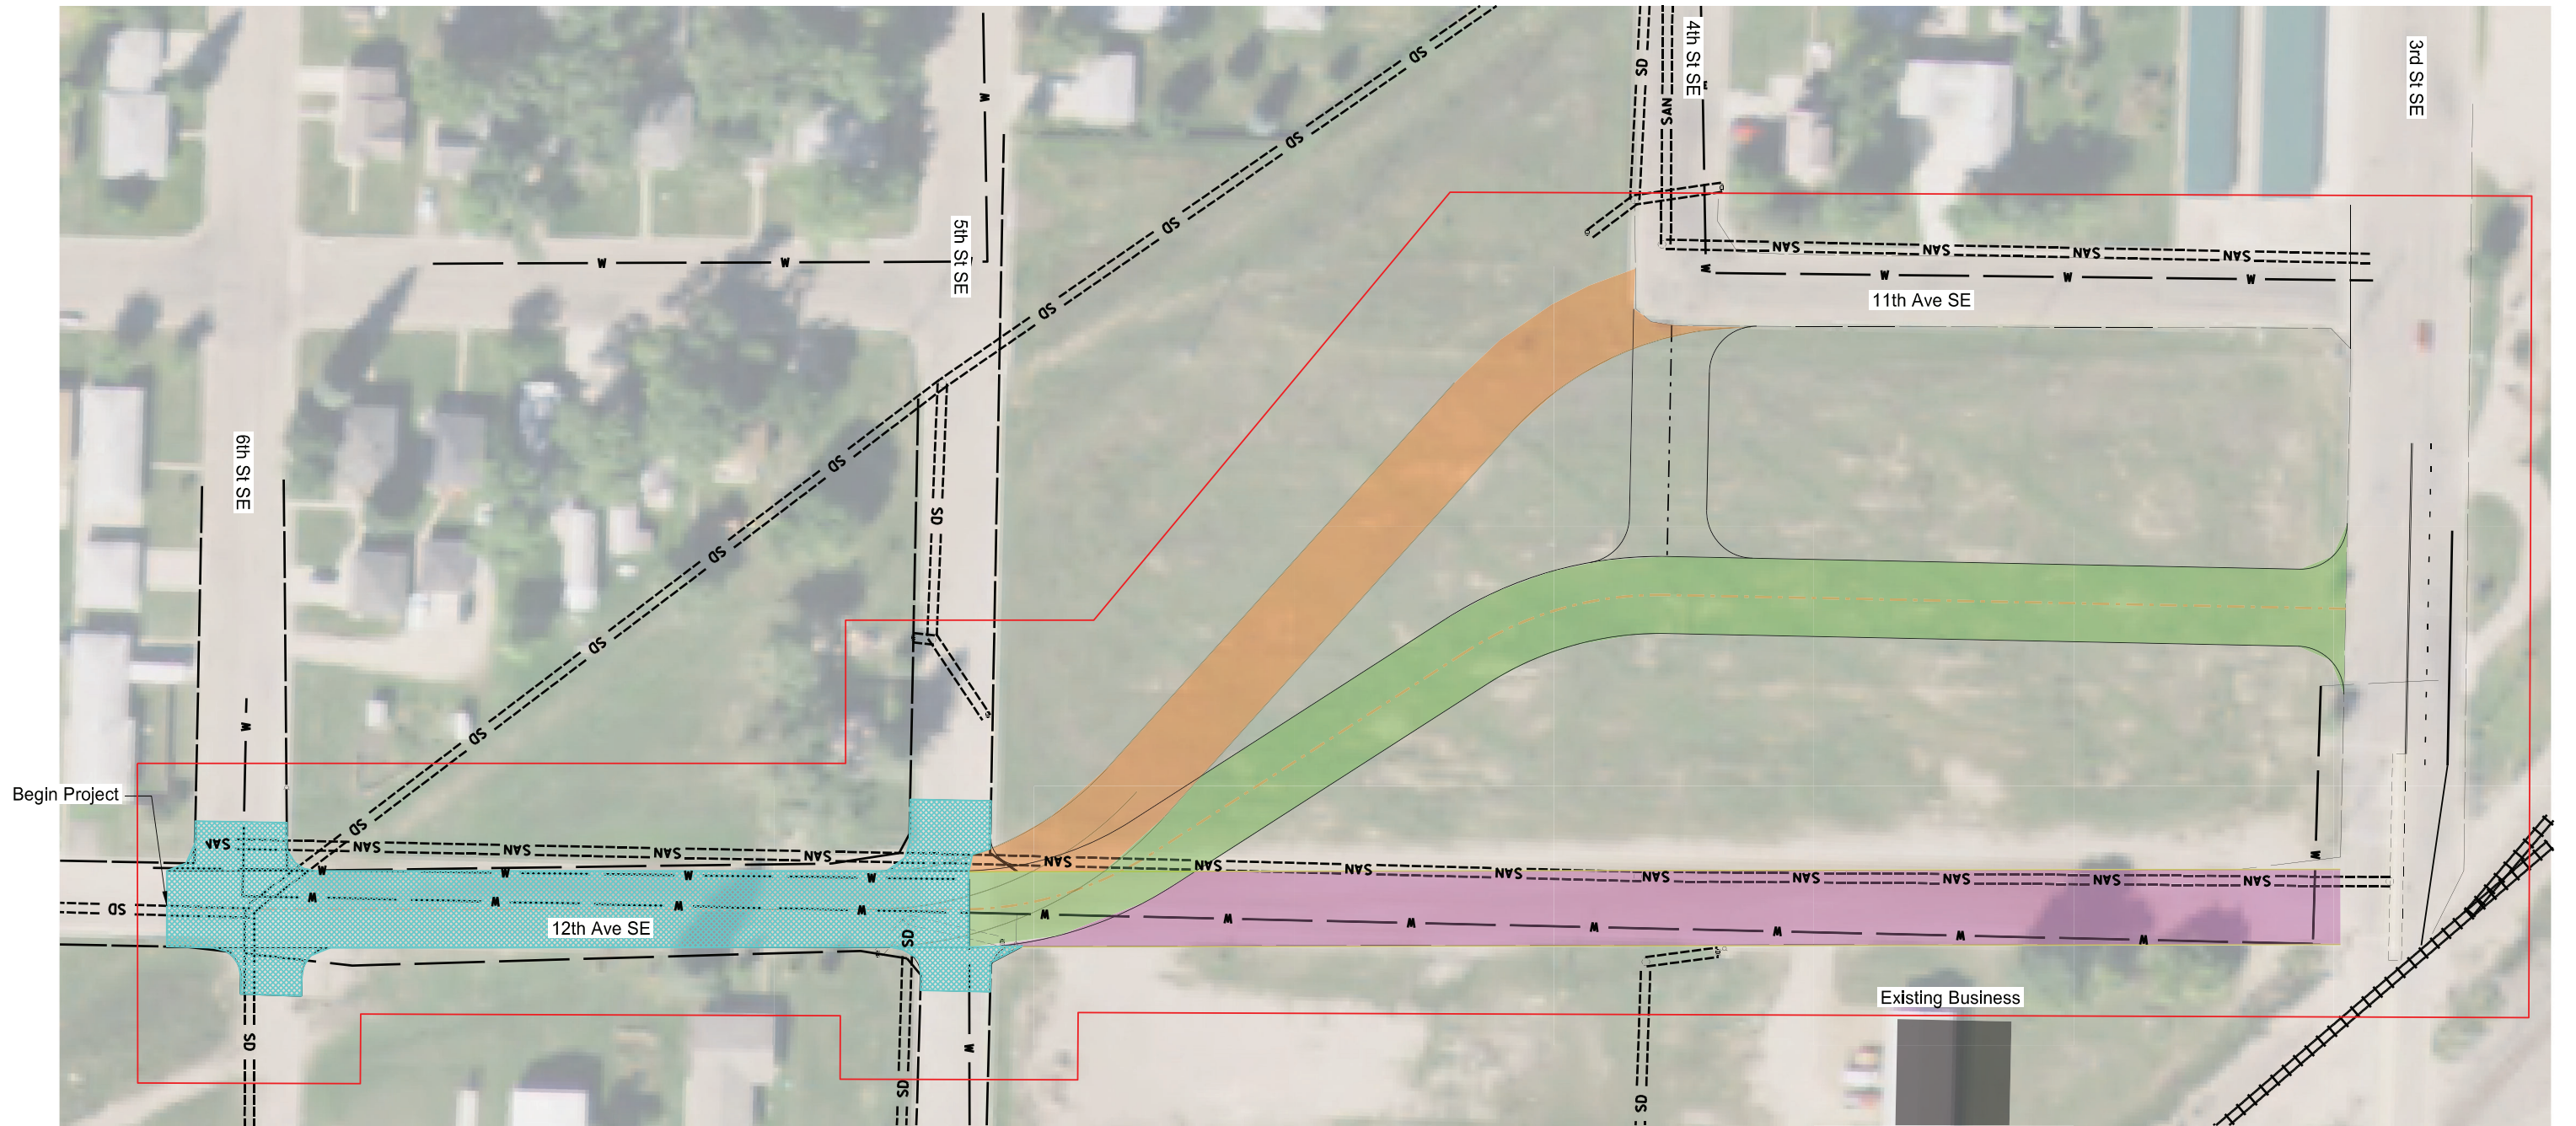

The purpose of the proposed project is to address the roadway deficiencies along the project corridor and improve safety for the traveling public.

Why is the project needed?

The need for the proposed project is driven by social demands, safety, and roadway deficiencies. The current typical section of 12th Ave. SE within the project corridor consists of a two-lane gravel surfaced roadway. The existing route connects the SE and NE part of town. In addition to the social and safety needs, there are also roadway deficiencies along the project corridor that need to be addressed. These roadway deficiencies include poor drainage and gravel surfacing.
