### **Public input website goes live Monday, April 6, for input on improvements to downtown Sheyenne Street** *Website to replace planned public input meeting*

**(WEST FARGO, N.D. – March 31, 2020)** A public input website is scheduled to go live at 4 p.m. Monday, April 6, at <http://www.westfargond.gov/SheyenneStreetDowntownImprovements>. This website will utilize an online presentation and survey to collect feedback on the proposed downtown Sheyenne Street improvements from Main Avenue W. to Seventh Avenue W., which would include replacing underground utilities, narrowing the existing roadway width, increasing side path widths, slowing traffic, reducing access locations, building curb extensions and bulb-outs, improving lighting and installing streetscaping components. This virtual public input platform is being utilized in place of a previously announced public input meeting to adhere to the Centers for Disease Control and Prevention's social distancing guidelines.

The website will be open for feedback until Tuesday, April 21, 2020. If you are unable to access the public input website, a request for presentation materials can be submitted to Melissa Richard, City of West Fargo Communications Director, at [melissa.richard@westfargond.gov](mailto:melissa.richard@westfargond.gov) or by calling 701-433-5314.

Written statements or comments must be mailed by Tuesday, April 21, 2020, to Dylan Dunn at Moore Engineering Inc., 925 10th Ave. E., West Fargo, ND 58078. Comments can also be emailed to [dylan.dunn@mooreengineeringinc.com](mailto:dylan.dunn@mooreengineeringinc.com) with "Public Input Meeting" in the email subject heading.

The City of West Fargo will consider every request for reasonable accommodation to provide:

- language interpretation for people with limited English proficiency (LEP), and
- translations of written material necessary to access NDDOT programs and information.

To request accommodations, contact Melissa Richard, Communications Director, City of West Fargo, at (701) 433-5314 or [Melissa.Richard@westfargond.gov](mailto:Melissa.Richard@westfargond.gov).

TTY users may use Relay North Dakota at 711 or 1-800-366-6888.

### *About West Fargo*

With an estimated population of more than 39,000, West Fargo is truly “a city on the grow” with one of the fastest growing communities in North Dakota. Throughout this phenomenal growth, West Fargo continues to offer an excellent student-oriented school district, a park district with world-class facilities, and a variety of housing options to meet the needs of any resident.

Boasting opportunities for both families and businesses, West Fargo combines the benefits of small-town living with the resources and amenities of a large metropolitan city.
