US HIGHWAY 52

18 PROPOSED/EXTENSION PASSING LANES

PROJECT DESCRIPTION

Two passing lanes projects are planned along US Highway 52 from the Canadian Line to one mile north of junction with US Hwy 2. Proposed improvements consist of constructing new passing lanes (Red), extension (Blue) of the existing passing lanes, and incidentals. Additionally, a project is proposed to extend the truck lane at the Portal Border Crossing. The project location map is shown below.

Passing Lanes 1-8 are in Project HEN-7-052(034)000
Passing Lanes 9-18 are in Project HEN-4-052(093)036
