A portion ND Hwy 23 south of Minot to be closed for movement of crane

As part of the Prairie Winds wind turbine project, a portion of ND Hwy 23 will be closed for movement of a crane across the highway. The portion of roadway to be closed is located 1.5 miles east of the junction of ND Hwy 23 and US Hwy 83 (near mile marker 107). The closure is scheduled to take place between the hours of 2 a.m. and 4 a.m. on Monday, October 19. Traffic should expect delays of up to 20 minutes or more as the crane crosses the roadway. Flaggers will be on site to control traffic.
