## **Paving completed on project extending passing lanes on US Highway 85 between Watford City and Williston**

The North Dakota Department of Transportation has completed paving on a project which extends passing lanes on US Highway 85 from Williston to Watford City. The construction project included work on seven of the existing passing lanes which are now lengthened to provide more distance for vehicles to pass trucks and slow moving vehicles. This project was conducted on a section of US 85 which is often referred to as a Super 2 Highway. The project is on schedule, with rumble strips still remaining to be placed.

For more information about construction projects and road conditions throughout North Dakota, visit the Travel Information Map on the NDDOT website at <http://www.dot.nd.gov/travel-info-v2/>.
