Construction began today on Highway 26 near Sibley

Construction has begun today on Hwy. 26 at Ashtabula Bridge near Sibley. Work on this project will consist of **replacement of the bridge structure**, hot bituminous pavement, rip rap and other improvements.

During Construction:

- Traffic will be reduced to one lane through the construction zone
- A stop bar, stop lights and warning sign will be in place to direct traffic
- There will be a 12 foot width restriction through the construction zone
- Speed will be reduced through the construction zone
- Motorists should expect minimal delays

The project is expected to be complete by the end of October.

The traveling public should use caution when driving through the construction zone. Motorists are reminded to please slow down for their safety and the safety of the highway workers.
