## **Paving work begins May 20 on I-94 Business Loop/Villard Street in Dickinson**

Paving work will begin May 20 on the I-94 Business Loop/Villard Street project in Dickinson. This is the second phase of the project with the first phase consisting of curb replacement. The majority of the paving work is scheduled to take place at night to lessen the impact to travel.

During the project:

- Villard Street will have a single lane closure when workers are present
- Speeds will be reduced to 25 mph
- Flaggers will be present

The entire project is expected to be completed this fall.

Help prevent work zone crashes. Motorists are encouraged to slow down, allow extra distance between their vehicles and the vehicle in front of them, use caution and obey flaggers and posted signs.
