Water has receded on Interstate 94 west of Jamestown

Water has receded on both eastbound and westbound lanes of Interstate 94, approximately three miles west of Jamestown (mile marker 248). Motorists should be advised that conditions can change rapidly so motorists should use caution while traveling.

NDDOT encourages motorists to check road conditions before traveling. For updated road information, call 511 from any type of phone or go to the Travel Information Map on our website at www.dot.nd.gov.

Please be advised that road condition information on 511 and the travel map is updated daily from 5 a.m. until 9 p.m. CDT. The road report is based upon the information available to the NDDOT at the time of preparation and is provided solely as a public service. Conditions may vary from those reported.
