Road Work Continues on US Highway 85

Construction work continues on ND Highway 85 from Belfield, North 15 miles and Watford City, South 4 Miles. Workers are currently stripping topsoil preparing turn lane, widening and shoulder work of highway 85

The project consists of adding a new pavement surface and adding turn lanes at approximately 20 locations throughout the 33 miles of construction and is tentatively scheduled for completion in the fall of 2013.

During construction:

- Speeds will be reduced to 45 mph through immediate work zone areas
- Flaggers will be present
- Narrow lane restrictions of 15 feet

Help prevent work zone crashes. Motorists are encouraged to slow down, allow extra distance between their vehicles and the vehicle in front of them, use caution and obey flaggers and posted signs.
