Construction on ND Highway 1804 to begin July 16

Construction is scheduled to begin Tuesday, July 16, on ND Highway 1804 from Williston to milepoint 267, approximately 49 miles east of Williston. This project consists of paving work and road repairs. A majority of this work will be performed in the evening and early morning hours, from 6:30 p.m. to 6:30 a.m.

During construction:

- Traffic will be reduced to one lane of travel in some areas
- A pilot car will be used
- Periodically throughout the project, the highway will have uneven lanes. No passing signs will be posted for these segments.
- Drivers may expect delays

Work is to be completed in October.

Help prevent work zone crashes. Motorists are encouraged to slow down, allow extra distance between their vehicles and the vehicle in front of them, use caution and obey flaggers and posted signs.
