Construction begins tomorrow on US Highway 83 near Max

Construction begins tomorrow, August 13, on US Highway 83 from (RP 179-180), 7 miles north of Max. Construction consists of a pavement grade raise. All traffic will be moved to the southbound lane, creating head-to-head traffic.

During construction work:

- Speeds will be reduced to 40 mph in the work zone
- Traffic will be reduced to one lane in each direction
- Flaggers will be present
- Motorists may experience minor delays during paving operation

The project is expected to be complete in October.

Help prevent work zone crashes. Motorists are encouraged to slow down, allow extra distance between their vehicles and the vehicle in front of them, use caution and obey flaggers and posted signs.

For more information about construction projects and road conditions throughout North Dakota, call 511 from any type of phone or visit the Travel Information Map on the NDDOT website at <http://www.dot.nd.gov/travel-info-v2/>.
