Traffic to be reduced to one lane on ND Highway 1804 north of 40th Street Northwest in New Town on Saturday, October 18

Beginning on Saturday, October 18, northbound and southbound traffic will be reduced to one lane on ND Highway 1804 in New Town between 40th Street Northwest and 41st Street Northwest. Flaggers will be in place to direct traffic and motorists will take turns traveling through the area. The lane reduction will also extend north for about two-thirds of a mile to allow crews to continue paving work.

This work is in regards to the New Town Truck Reliever Route project and another project which includes reconstruction of the ND Highway 23 and ND Highway 1804 intersection, paving, new intersection signals and an additional center turn lane on ND Highway 1804.

During construction:

- Traffic will be reduced to one lane
- Speeds will be reduced to 25 mph
- Motorists should expect delays
- Flaggers will be in place
- An 11-foot width restriction will be in place

The single lane restriction will be removed during the evening of Saturday, October 18.

The NDDOT Williston District serves the transportation needs of the communities in northwestern North Dakota, including Williston, Alexander, Watford City, New Town, Stanley, and Berthold. NDDOT has been working very hard to build new bypasses, expand roadways, and provide roadway improvements that will enhance traffic movement in this very fast growing part of the state to get motorists where they need to go safely. To learn more about this year's projects visit www.nddotwilliston.com.
