**North Dakota Century Code** .................................................................................................. 34
Welcome!

As a licensed North Dakota dealer, there are many laws in North Dakota Century Code (NDCC) that you need to be knowledgeable about and adhere to. You will also be assisting customers to obtain title and license for their newly purchased vehicles and they will look to you as the expert. This handbook should help you get started on that path and please remember that the MVD is only a phone call away and we are happy to assist you.

Please contact the MVD anytime you have questions or need assistance. The NDDOT’s Central Office is located on the North Dakota State Capitol Grounds in Bismarck. This is the office that holds our Dealer Services and who you should contact if you have questions about your dealer license, license renewal, dealer requirements, etc. Dealer Services may be reached at (701) 328-1285 or mvds@nd.gov. If you have questions about completing paperwork you may contact Consumer Services, also located at Central Office in Bismarck, at (701) 328-2725. The MVD also has twenty contracted Motor Vehicle Branch Offices located throughout the state that may assist you with completing title transactions in Beulah, Bottineau, Bowman, Carson, Devils Lake, Dickinson, Ellendale, Fargo, Grafton, Grand Forks, Jamestown, Langdon, Linton, Lisbon, Minot, Rugby, Valley City, Wahpeton, Watford City, and Williston. Service fees may apply at branch and contracted offices.
Frequently Asked Questions

Below you will find responses to some of the most common questions we receive from dealers.

Where can I obtain forms required by MVD to complete title transactions?
Most forms can be retrieved and printed directly from our website, www.dot.nd.gov. Some forms are not available online because they are on secure paper or have carbon copies such as the Reassignment/Odometer Disclosures and Secure Power of Attorney Documents. You may obtain Reassignment/Odometer Disclosures from the MVD for a fee. Secure Power of Attorney Documents may be obtained from the Auto Dealers Association of North Dakota for a fee.

What do I need to do to change my business/dealership name?
Your dealership license is issued in the business name that is on your dealer bond. If you wish to change your business name, you will need to contact your bonding company and have them change the name on your dealer bond. You must submit a bond rider to MVD reflecting the name change. At that time, MVD will update your dealer record and issue a new dealer license certificate.

How do I obtain duplicate dealer plates to replace lost or damaged plates?
Contact MVD, Dealer Services to request duplicate plates. A replacement fee of $5 will be collected for each plate requested and payment must be received prior to MVD placing plates on order. It takes approximately four weeks to receive plates after they are placed on order.

How do I add additional dealer plates to my inventory?
The number of dealer plates issued is determined by the number of retail sales your dealership reported the previous calendar year and is at the discretion of MVD. Please contact MVD Dealer Services to request additional dealer plates. The fee for additional plates is $20 per plate and payment must be received prior to an order being placed. It takes approximately 4 weeks to receive plates after they are placed on order.

Am I required to title vehicles in my dealership name that are in our inventory for resale?
No, dealers are excluded from the certificate of title requirement on vehicles that are for sale. (NDCC 39-05-02.2) However, we highly recommend that you do title vehicles in your dealership name before transferring ownership to a buyer if they will be completing the title work themselves.

Do I have to title & license vehicles in my Courtesy Transportation Program (CTP)?
No. Vehicles that are in a CTP fleet can use dealer plates since they are being used for demonstration purposes. No paperwork needs to be filed with NDDOT. When the vehicle comes out of the CTP fleet and is sold, the dealer will complete reassignments on the MCO like any other new vehicle sale. The CTP program is only available to franchised new dealers.
Important Things to Know
New Motor Vehicle Dealers

License

- A new motor vehicle dealer’s license authorizes the buying, selling and exchanging of both new and used motor vehicles.
- Annual license fee is $100 per calendar year at which time the department shall issue one dealer plate. The dealer license and dealer plates will expire December 31 of each year. The fee to renew additional dealer plates is $20 per plate.
- A maximum of 2 dealer plates is allowed upon initial licensure. More plates may be ordered once additional sales criteria has been met.
- If a motor vehicle dealer license isn’t renewed prior to the expiration of the current license, you will be charged a $100 late fee in addition to the renewal and registration fees.
- Any person who engages in the business of buying, selling, or exchanging of motor vehicles without possessing a current motor vehicle dealer license may be assessed a $100 fee for a first violation, $200 fee for a second violation within two years of the first violation, or a fee of at least $500 but not more than $2,000 for a third or subsequent violation within five years of the first violation.

Franchise Requirements

- You must have a bona fide contract or franchise in effect with a manufacturer or distributor of the new motor vehicles which you sell. You may only sell new motor vehicles for which you are franchised to sell. A copy of the franchise agreement must be on record with the MVD Dealer Services.
- If a new motor vehicle dealer purchases, or holds for sale, a new motor vehicle for which the dealer does not have a contract or franchise, the vehicle becomes subject to tax, title, and registration fees requirements.
- Any time a motor vehicle dealer submits an application to title a vehicle in their dealership name from the MCO, it is to be presumed that the vehicle status has either changed from new to used or the dealer is using the vehicle in the direct function of their business and it is no longer in their retail inventory. Both circumstances make the vehicle subject to tax, title and registration fees requirements.
- Dealers selling vehicles for which they do not hold a franchise agreement may be assessed a $250 fee for a first violation, or a $500 fee for a second violation within 2 years of the first violation. The MVD may suspend the license of a dealer if a third or subsequent violation occurs within 5 years of the first violation.

Bond & Insurance Requirements

- New Motor Vehicle Dealers are required to hold a continuous surety bond in the amount of $25,000. If there are any changes to the bond or if it is cancelled, MVD must be notified. Upon cancellation of the continuous surety bond, the dealer’s license will be suspended.
- A continuous policy of liability insurance for the business operation of the dealership which includes general, business automobile, and sales, repair, or service operations liability as is appropriate to the business operation is a requirement of licensing. It is the dealer’s responsibility to provide current insurance information to the MVD each year. Any motor vehicle dealer who fails to maintain the insurance coverage required by NDCC shall be required to return their dealer license and dealer number plates to the department. Failure to return the dealer license or dealer number plates results in automatic revocation by operation.
of law. The department will reinstate the dealer license and dealer number plates only when proof of insurance coverage is received.

**Established Place of Business Requirements**

- New Motor Vehicle Dealers are required to maintain an established place of business adjacent to the primary motor vehicle display lot maintained by the dealer. An established place of business means a permanent enclosed building of at least 250 square feet either owned, rented, or leased at which a permanent business of bartering, trading, and selling of motor vehicles will be conducted and does not mean a residence, tents, temporary stands, or other temporary quarters.
- The established place of business and primary motor vehicle display lot must cover at least 2,500 square feet and be located on property zoned or otherwise approved for this purpose by the appropriate zoning authority.
- The established place of business must be adequately heated and lighted so as to be comfortable for customers and employees and be equipped with standard office equipment necessary to conduct business.
- All records related to the business, including titles or other documents showing ownership of the vehicles, must be kept and maintained at the established place of business.
- An established place of business must have a telephone publicly listed in the name of the dealership, be open to the public during normal business hours, and have a sign identifying the business to the public as a motor vehicle dealership. The sign must be at least 32 square feet in size, contain the name of the dealership in letters at least 10 inches high, and be clearly visible from the street. A business sign approved by a motor vehicle manufacturer may be used in lieu of the sign requirements.
- A dealer must first notify MVD and obtain permission to relocate the dealership to a new location from the established place of business occupied at the time of inspection when the license was granted. The motor vehicle dealer shall provide sufficient proof that the new premises conforms to NDCC requirements as stated above.
- The MVD may assess a motor vehicle dealer violating the established place of business requirements with a $100 fee for a first violation, $200 for a second violation within two years of the first violation, and suspend the license of a motor vehicle dealer if a third or subsequent violation occurs.

**Vehicle Sales & Vehicle Display**

- Motor vehicle sales are prohibited on Sunday.
- Dealers are required to furnish the buyer with a proper and valid certificate of title to the motor vehicle involved in any sale transaction. You are required to deliver the endorsed certificate of title to the MVD with tax, title, and registration fees and shall make application for a new certificate of title within 30 days of the date of purchase. The addition of a lienholder on the title to be transferred does not alter the title delivery requirements and these timelines are still applicable.
- A licensed motor vehicle dealer may establish secondary motor vehicle lots within five miles of the dealer’s established place of business. Secondary lots must be identified as a part of the licensed dealer’s operation with a sign displaying the name and telephone number of the licensed dealer. A licensed dealer may not display vehicles except on the dealer’s primary and secondary lots and may be assessed a $100 fee for a first violation, $200 fee for a second violation within two years of the first violation, and at least a $500 fee, but not more than a $2,000 fee for a third or subsequent violation.
• A Show and Sale Permit may be issued by the MVD to a dealer displaying vehicles off their primary or secondary lots if they are participating in a bona fide automobile show or sales promotion event in North Dakota. The MVD will deny an application for a permit if it is determined the applicant does not intend to participate in a bona fide show or promotion. The permit must be issued upon payment of a fee of $25 and is valid for a period of time, not to exceed seven days, to be determined by MVD.

**Annual License Renewal Requirements**

• License expires on December 31st of each year. A renewal application will be sent to each licensed dealer near the end of year (usually in early November).

• The MVD shall not renew the dealer license of any applicant who has made less than eight retail motor vehicle sales during the previous year. A retail motor vehicle sale is defined by NDCC 39-22-18 as a motor vehicle that requires titling and registration in order to operate on the roads.

• The renewal application must be signed and returned to MVD with renewal fee of $100. Included in the $100 renewal is registration for 1 dealer plate. Dealer plates expire at the same time of the dealer license. The cost of renewing registration for dealer plates is $20 per plate. The renewal application must be postmarked on or before December 31 to avoid a late renewal fee of $100.

• If the General Liability Insurance coverage will be expiring on or around the time of license renewal, please include a copy of the updated insurance policy with the renewal application. This will avoid delays in the processing of the dealer license renewal. MVD will be unable to renew the license if we do not have record of insurance for the year that we will be renewing the licensing.

• If your annual sales decreased from previous years, the MVD may reduce the number of dealer plates allowed to renew.

**Use of Dealer Plates**

• Dealer number plates may be used on any vehicle owned by the dealership and used in the direct functions of demonstrating, buying, or selling vehicles. A dealer plate displayed on a vehicle must be visibly displayed on the rear of the vehicle.

• Additional dealer number plates may be ordered through MVD upon payment of $20 per plate. However, the maximum number of plates allowed is based on the motor vehicle sales history at the discretion of MVD.

• Any person violating laws pertaining to use of dealer plates may be assessed a $100 fee for a first violation, $200 fee for a second violation within two years of the first violation, or a fee of at least $500 but not more than $2,000 for a third or subsequent violation within five years of the first violation.

Any motor vehicle dealer who fails to maintain the insurance coverage required by NDCC shall be required to return their dealer license and dealer number plates to the department. Failure to return the dealer license or dealer number plates results in automatic revocation by operation of law. The department will reinstate the dealer license and dealer number plates only when proof of insurance coverage is received.

location from the established place of business occupied at the time of inspection when the
license was granted. The motor vehicle dealer shall provide sufficient proof that the new
premises conforms to NDCC requirements as stated above.

transfer with MVD. Otherwise, you are required to deliver the endorsed certificate of title
to the MVD with tax, transfer, and registration fees and shall make application for a new
certificate of title within 30 days of the date of purchase. The addition of a lienholder on the
title to be transferred does not alter the title delivery requirements and these timelines are still
applicable.

• A licensed motor vehicle dealer may establish secondary motor vehicle lots within five miles
of the dealer’s established place of business. Secondary lots must be identified as a part of
the licensed dealer’s operation with a sign displaying the name and telephone number of the

1. Determine Ownership
   a. On a Manufacturer’s Certificate of Origin (MCO) – the dealership listed on the face of the MCO must properly reassign the MCO.
   b. On an Out-of-State title – the vehicle owner(s) must have proper reassignments.
      i. Liens must be released.
      ii. Leased vehicles – reassignment must be by the lessor.
      iii. Conjunctions AND, AND/OR, and JTWROS (joint tenants with right of survivorship) require reassignment by all listed owners. If there are multiple owners without a conjunction between names, then all owners must sign and complete the reassignment.
   c. On a North Dakota title – the vehicle owner(s) must properly sign off.
      i. Liens must be released.
      ii. Leased vehicles – reassignment must be by the lessor.
      iii. Conjunctions AND or JTWROS require reassignment by all listed owners.
      iv. Conjunction OR only requires one signature.
2. Ensure all subsequent dealer reassignments are properly completed to connect the chain of ownership.

Branding
• This may affect the ability to title and register in North Dakota.
• Some brands (i.e. CERTIFICATE OF DESTRUCTION, DISMANTLED, JUNK, NON-REBUILDABLE, PARTS ONLY, UNREPAIRABLE, SCRAP, etc.) are not titled or registered in North Dakota. See Damaged Vehicles section for more information.
• DO NOT issue a temporary registration to a vehicle with a title branded SALVAGE.
Errors, alterations, or corrections

- When a part of any title, application for title, or any notarized form has been defaced or altered, a Statement of Error, Correction, or Alteration (SFN 2964) must be completed to explain the reason for the alteration or defacement and the form must be notarized. The use of white-out on documents will cause your paperwork to be rejected by the MVD; it is better to put one line through the incorrect information and then write the correct information above and complete a Statement of Error, Correction, or Alteration. If errors are made on an odometer disclosure, the entire document will need to be redone, as well as the Statement of Error, Correction, and Alteration. An error statement may not replace information that should be completed on the odometer disclosure.

   g. A completed and signed Indemnifying Affidavit (SFN 60662) must be completed by the owner releasing the State of North Dakota and its agencies from any and all liability.

Damage Disclosure

NDCC 39-05-17.2 (See Damaged Vehicles and Salvage Certificate of Title)

1. The damage disclosure law includes passenger cars, trucks, pickup trucks, motorcycles, and motor homes that are less than nine (9) years old. It EXCLUDES all trailers, off-highway vehicles, mopeds, and snowmobiles. A Damage Disclosure Statement (SFN 18609) must be completed.

2. Motor vehicle body damage disclosure requirements apply only to the transfer of title on vehicles of a model year released in the current calendar year and those vehicles of a model year manufactured in the seven years before the current calendar year. When a motor vehicle has been branded as PREVIOUSLY DAMAGED and more than eight years have elapsed since the date of manufacture, the holder of the certificate of title with the damage disclosure may have the brand removed and a new certificate of title issued for a fee of $5. The brand can only be removed if the vehicle has no prior SALVAGE history.

3. As used in this section, “motor vehicle body damage” means a change in the body or structure of a motor vehicle, generally resulting from a vehicular crash or accident, including loss by fire, vandalism, weather, or submersion in water, resulting in damage to the motor vehicle which equals or exceeds the greater of $10,000 or 25% of the pre-damage retail value of the motor vehicle as determined by the National Automobile Dealers Association Official Used Car Guide. The term does not include body or structural modifications, normal wear and tear, glass damage, hail damage, or items of normal maintenance and repair. Damages to a vehicle within these amounts will result in the title being branded as PREVIOUSLY DAMAGED.

4. A person repairing, replacing parts, or performing body work on a motor vehicle that is less than nine (9) years old shall provide a statement to the owner of the motor vehicle when the motor vehicle has sustained motor vehicle body damage requiring disclosure under this section. The owner shall disclose this damage when ownership of the motor vehicle is transferred. When a vehicle is damaged in excess of 75 percent of its retail value, as determined by the National automobile Dealers association Official Used Car Guide, the person repairing, replacing parts, or performing body work on the motor vehicle that is less than nine (9) years old shall also advise the owner of the motor vehicle that the owner of the vehicle must comply with section 39-05-20.2 of the North Dakota Century Code (NDCC). Damage to a vehicle within these amounts will result in the title being branded as SALVAGED. After an inspection is completed showing the vehicle has been repaired and meets all safety requirements the brand on the title may be changed to PREVIOUSLY SALVAGED.

5. The amount of damage to a motor vehicle determined by adding the retail value of all labor, parts, and material used in repairing the damage. When the retail value of labor has not been determined by a purchase in the ordinary course of business (i.e. when the labor is performed by the owner of the vehicle) the retail value of the labor is presumed to be the product of the repair time, as provided in a generally accepted auto body repair flat rate manual multiplied by $35.

6. A person who violates this section or rules adopted pursuant to this section is guilty of a Class A misdemeanor.

1. Any vehicle being transferred into North Dakota with a branded title will be issued a branded North Dakota title.

2. North Dakota will not accept titles for vehicle from any other state or foreign country that are branded CERTIFICATE OF DESTRUCTION, DISMANTLED, JUNK, NON-REBUILDABLE, PARTS ONLY, UNREPAIRABLE, or any other similar notation.

Plate with Owner
NDCC 39-04-36

1. Plate with owner legislation applies to all vehicles except snowmobiles, off-highway, prorate trucks, antique, collector, DAV (Disabled American Veteran), POW (Former Prisoner of War), and government vehicles.

2. When the owner of a vehicle sells, trades, or otherwise transfers the ownership of the vehicle, the owner must remove the license plate(s) and the vehicle will be considered unlicensed. When the transferee (buyer) applies for a title transfer, a full-year license will be due on the vehicle, less any available credit.

3. The transferee (buyer) may operate the vehicle for a maximum of five (5) days from the date of acquisition without displaying any visible evidence of registration. However, the transferee must have dated evidence of ownership in the vehicle during these five (5) days. Dated evidence can be either a dated bill of sale or a dated copy of the certificate of title.

4. The Motor Vehicle Division has a self-issuing temporary registration permit for ND residents that can be used on vehicles for 30 days from the date of acquisition, during which time the transferee must obtain proper registration and title for the vehicle. To create and print a 30 Day Permit, please visit the NDDOT website at www.dot.nd.gov or use the following link: https://apps.nd.gov/dot/mv/mvrenewal.thirtyDayRegWelcome.htm. All 30 Day Registration Permits printed or typed on SFN 51429 are no longer valid. The 30 Day Registration permits are not intended to replace the notary certificate issued by dealerships and others who submit an application on behalf of their customer. Transferred plates may not be displayed on the replacement vehicle until the vehicle has been registered with the Motor Vehicle Division and a new registration card has been received by the owner.

5. The owner who has removed license plates from a vehicle at the time it was transferred will be allowed a credit towards the registration fees on a replacement vehicle based on the number of unused months left on the registration. The license plate number from which the credit is calculated must be noted on the application for title and registration. The owner must use the license plates regardless of whether there is credit remaining. Credits are calculated from the month after the plates are transferred. If the plates are lost, replacement plates are $5 and the customer will be issued a new standard numbered plate. If the customer wishes to keep the same plate number the replacement fee will be $25 because the plate will then be considered a personalized plate/special request plate.

6. Available credit can be used towards only one replacement vehicle. If the available credit exceeds the registration fees, the balance of the credit will be lost. A credit transfer fee of $5 is due. There are no refunds available.

7. To transfer license credits, the license type does not need to be the same (i.e. motorcycle license credit may be transferred to a passenger vehicle).

8. Only license fees are transferable. Special fees collected at the time of registration are not transferable.

9. License fee credits can be transferred from the transferor (seller) to the transferee (buyer) if the transferor is the spouse, a sibling, a lineal ancestor, or a descendant of the transferee.

10. Credit on vehicles repossessed by a recorded lien holder is available only to the registered owner.

11. Credit on a leased vehicle belongs to the lessee. Lessee(s) who have personalized plates will be allowed to retain the plate and the $25 personalized plate fee.

12. If a corporation dissolves and a new corporation (business organization) is formed with the same stockholder(s), plates and registration can be retained.

13. Dealers must remove North Dakota license plates from any vehicles they have in inventory.
Mobility Impaired Plates

1. The applicant may obtain the mobility impaired license plates provided they do not possess more than one mobility impaired parking permit. License plates bearing the wheelchair emblem will be issued; however, the vehicle must be owned or leased to a mobility impaired applicant. Mobility impaired personalized plates are available for an additional $25. Mobility Impaired DAV license plates are available; however, personalized license plates are not. The fee for replacing current license plates with a mobility impaired license plate is $5.

2. Mobility impaired license plates must be transferred to a replacement vehicle upon selling or trading the vehicle.

• For additional information regarding mobility impaired plate and placard options, refer to the Motor Vehicle Registration Manual at www.dot.nd.gov.
1. 30-Day Registration Permit
The following 30-day temporary registration permit may be completed online at https://apps.nd.gov/dot/mv/mvrenewal/thirtyDayRegWelcome.htm by a North Dakota resident who has recently purchased a vehicle.

The 30-day permit allows the purchaser to operate the vehicle for thirty days from the date of acquisition. An application and appropriate fees, for title and license, must be submitted to the Motor Vehicle Division or this permit is void.

2. Notary public or Dealer Certificate of License (SFN 59087)
   a. Issued by notary public or authorized agent of dealership if fees for license are collected by the notary public or dealership and mailed to the Motor Vehicle Division.
   b. Certificate can be issued for new or used vehicle applications and is valid for 75 days from date of issuance.
   c. Violations are punishable by a fine of not less than $50.
3. Drive-Out Permit (SFN 2940)
   a. Permits are issued to non-residents who purchase vehicles in North Dakota and need a registration to return to their home state.
   b. Permits are valid for 30 days.
   c. Fee is $5 per permit.
   d. Permits can be obtained from the Motor Vehicle Division and some Motor Vehicle Branch offices.
   e. Permits may be ordered from the Motor Vehicle Division by calling 701-328-1285.

4. Truck or Trailer Demonstration Permit
   a. Permit (SFN 2383) may be issued by new and used motor vehicle dealers and trailer dealers who have customers that would like to demo a truck or trailer prior to purchase.
   b. Dealer plates should not be used on the permitted vehicle.
   c. Permits may be used for any number of trips within the stated limit.
   d. One copy of the permit must be submitted to the Motor Vehicle Division with the appropriate fee, one copy must be carried in the permitted or towing vehicle, and one copy must remain with the dealer.
   e. Permits may be obtained from: Motor Vehicle Division, North Dakota Department of Transportation, 608 East Boulevard Avenue, Bismarck, ND 58505 or by calling 701-328-1285.
Leased Motor Vehicles
NDCC 39-04-19, 57-40.3

1. Leases are subject to the following:
   a. Qualifying vehicles (including trailers) must have an actual weight of ten thousand pounds or less.
   b. Motor vehicle excise tax (5%) is imposed on the lease price of a vehicle that is operated and required to be registered in North Dakota.
   c. A lease must be for a period of 12 months or more.
   d. Tax computation is as follows:
      i. Step 1 - Add amount due at signing (to include non-cash items such as net trade-in and rebates) and the amount of total lease payments. Deduct non-taxable items from this amount and compute the taxable lease price. A Lease Tax Worksheet (SFN 60399) is a required document on lease transactions and will assist you with the above calculation.
      ii. Step 2 - Additional Charges: The tax will apply on additional charges that may occur after the inception of the lease, such as excess mileage charges, excess wear charges, damage or repair charges, lease cancellation charges, option to renew charges, and end-of-lease payments. The additional tax must be computed and paid directly to the North Dakota Tax Department.
   e. If a vehicle is leased and later sold to the lessee (buyout), the motor vehicle excise tax will be due on the purchase price at the time the lessee registers the vehicle.
   f. Leased vehicles entering North Dakota from another state are subject to tax on the remaining lease period from the date the vehicle enters North Dakota.
   g. All lease transactions must include the lease agreement.

2. License fees are based on type of vehicle being leased. Please use the proper fee schedule which may be accessed at www.dot.nd.gov.

3. A title fee of $5 is due.

4. An Abandoned Motor Vehicle Disposal Fee of $1.50 is due upon initial application for North Dakota title.

5. Motor vehicle excise tax (5%) must be remitted.

6. Miscellaneous (Additional leased vehicle information)
   a. New motor vehicle leases: A licensed motor vehicle dealer that leases a vehicle for which they do not have a franchise will continue to be subject to the motor vehicle excise tax on the purchase price and must also collect the tax on the total consideration of a qualifying lease agreement.
   b. Re-lease: where a lease ends and the owner of the vehicle initiates a second lease agreement for a period of 12 months or more, the tax must again be computed at the inception of the second lease. Tax must be paid directly to the North Dakota Tax Department.

7. Tax credit on a leased vehicle that is stolen or totally destroyed may not exceed the total amount of motor vehicle excise tax paid.
1. State law requires all applicants to use their legal name when making application for certificate of title and registration to a motor vehicle. Documentation of legal name must be provided with each transaction submitted to the Motor Vehicle Division.

2. Documentation of legal name must be provided for applicants to include individuals, businesses, trusts, and corporations. Legal name can be verified by providing one of the following:
   a. Individuals
      i. A valid state-issued driver’s license.
      ii. A valid non-driver state issued identification card.
      iii. A valid military identification card.
      iv. A valid foreign country driver’s license.
      v. A valid foreign passport.
      vi. A valid tribal identification card (tribal enrollment card is not acceptable).
      vii. Other documentary evidence that confirms the true legal identity of the owner.
   b. Business, Trust or Corporation
      i. Secretary of State filing.
      ii. Top section of the state or federal tax return in the business name.
      iii. Appropriate page within a trust agreement confirming legal name.

3. Applicants with an out-of-state driver’s license or non-driver identification must provide a legible copy of the front of the ID card.
Lienholders

1. If your customer has a lien on the vehicle they are purchasing, lienholder information must be submitted to MVD with the title application. MVD will then place the lienholder on the title perfecting (recording) the lien.
   a. North Dakota Century Code mandates that titles with lienholders be issued to the lienholder.
   b. The lienholder will hold the title until the lien is satisfied. At that time, the lienholder will issue a lien release and the title to the vehicle owner who then may remove the lien from the title.

2. If your customer is financing the vehicle with your dealership and the dealership will be acting as lienholder, you must submit the title to MVD to record the new owner and your dealership as lienholder.
   a. This is necessary so the owner may acquire license and registration to legally operate the vehicle.
   b. This protects your interest in the vehicle by perfecting the lien.
   c. This ensures that you are adhering to the title delivery laws outlined in NDCC.
   d. Original must be submitted.
Power of Attorney (POA)

1. **General POA**
   a. When a title or an application is signed by an individual for another and requires NO odometer certification, a general POA may be used.
   b. A copy of the original may be submitted

2. **Secure POA**
   a. When a title or an application requiring a federal odometer certification is signed by an individual for another, a Secure POA must be submitted.
   b. A Secure POA is effective only for vehicle transfers if the original title has become lost or is being held by a lien holder.

Tax: Motor Vehicle Excise
NDCC 57-40.3

The tax laws impose an excise tax at the rate of (5%) on all vehicles purchased either in or outside the State of North Dakota for use in this state.
