## 2021 Construction and Project Development Conference Professional Development Hours Credit Statement for Registrant’s Records

Many licensing and certification agencies require the demonstration of continuing professional competency. To the best of our knowledge, this meeting meets the continuing education requirements for Professional Development Hours (PDH) units. This form is for your use in maintaining a record of the hours that may qualify as PDH’s by attending sessions at this meeting.

We recommend you save the final agenda for your records should the licensure or certification agency request information from you. Reporting is done on an honor basis, and members are responsible for maintaining their own records, and for determining the applicability and acceptance with their respective licensing/certification organization. The tables below show the professional development hours (PDH) available for the continuing education activities included in the North Dakota Department of Transportation Virtual Construction and Project Development Conference event held using Microsoft Teams.

Day	Scheduled Time	Title	PDH’s Earned
March 3	30	Welcome and Update from DOT Directors
