ESCC Classes – COVID 19 Protocols

Considering the current health climate, precautions will be implemented at all ESCC classes to protect students and instructors. The courses will be held in rooms large enough to allow for maximum 25% occupancy with a cap of 50 people. Each attendee will be provided with their own table and binder with seating separated to maintain social distancing. Attendees will not be allowed to sit together.

Personal Protective Equipment (hand sanitizer, face coverings, disposable gloves, table wipes, etc.) will be provided at each class. Instructors will wear gloves when distributing course materials prior to student arrival and will not distribute materials during the course. Face coverings will be required while in class unless attendees are seated at their individual tables.

Group breaks and refreshments will not be provided. Attendees are encouraged to take bathroom breaks as needed throughout the course, one at a time. Temperatures will be checked before attendees may enter. For the safety of all attendees, we would like to ask that you stay home if not feeling well. Individuals exhibiting symptoms of a respiratory illness, or with a temperature of 100.4 degrees or higher, will not be allowed to attend the course.

Protocols may be updated depending upon ND Smart Restart Guidelines at the time of the individual course. Updates will be sent to attendees as any changes to the protocols are made.
