

NDDOT EROSION & SEDIMENT CONTROL CONSTRUCTION CERTIFICATION TRAINING PROGRAM 2018-2019

This four-year certification is **required** of all Prime Contractor Erosion Control Supervisors, Subcontractor Erosion Control Supervisors, NDDOT personnel and consultants working on NDDOT construction projects.

The Erosion and Sediment Control Construction Certification Training Program provides information on Erosion and Sediment Control regulations, specifications, measures, and practices that apply to, and best serve, construction personnel in effectively managing Erosion and Sediment Control on construction projects.

Topics include:

- Regulations & special provisions
- Temporary and permanent erosion and sediment control measures
- SWPPP
- Project management

Who should attend:

The primary audience for this course consists of public and private roadway construction management and inspection personnel, contractors responsible for installing erosion and sediment control devices and developing/implementing SWPPPs, and local/state government personnel.
