

NDDOT TECHNICAL CERTIFICATION PROGRAM (TCP) CONCRETE FIELD TESTING

OVERVIEW

ACI Concrete Field-Testing Technician 1 is accepted for ND TCP Concrete Field-Testing certification.

To receive acceptance of your ACI certification, complete an Application for Reciprocity form and submit that along with a copy of your current ACI card. Once the application is accepted your ND TCP certification record will display, *Concrete Field Testing*.

It is your responsibility to provide notification of certification status (when class is repeated).

The form may be found from a link on the TCP web page under Resources, or by [clicking this link](#)

CLASS SCHEDULE

Concrete Field Testing (ACI) classes are sponsored by agencies in each state. Classes may be listed on the ACI website or the state sponsoring agency website.
