Some trucks are used as equipment but more than incidentally operated or moved over a highway. These trucks may be titled in ND if it meets all Motor Vehicle safety equipment requirements, has a title or MCO and the registration weight does not exceed 105,000 lbs.

Pictures of the truck, a weight ticket or other information may be requested by Motor Vehicle to verify the truck meets these requirements and is registered correctly.

The following trucks SHOULD BE TITLED in North Dakota.
Bucket Truck

Meets all Motor Vehicle safety equipment requirements and has a title or MCO. Registration weight cannot exceed 105,500 lbs.
Cement Mixer Truck

Meets all Motor Vehicle safety equipment requirements and has a title or MCO. Registration weight cannot exceed 105,500 lbs.
Coil Truck
Meets all Motor Vehicle safety equipment requirements and has a title or MCO. Registration weight cannot exceed 105,500 lbs.
Concrete Pump Truck

Meets all Motor Vehicle safety equipment requirements and has a title or MCO. Registration weight cannot exceed 105,500 lbs.
Cranes (not oversized)
Meets all Motor Vehicle safety equipment requirements and has a title or MCO. Registration weight cannot exceed 105,500 lbs.
Digger Derrick

Meets all Motor Vehicle safety equipment requirements and has a title or MCO. Registration weight cannot exceed 105,500 lbs.
Hydro Vac Truck

Meets all Motor Vehicle safety equipment requirements and has a title or MCO. Registration weight cannot exceed 105,500 lbs.
Hot Oil Truck

Meets all Motor Vehicle safety equipment requirements and has a title or MCO. Registration weight cannot exceed 105,500 lbs.
Line Grooving Truck

Meets all Motor Vehicle safety equipment requirements and has a title or MCO. Registration weight cannot exceed 105,500 lbs.
Snubbing Truck

Meets all Motor Vehicle safety equipment requirements and has a title or MCO. Registration weight cannot exceed 105,500 lbs.
Wireline Truck

Meets all Motor Vehicle safety equipment requirements and has a title or MCO. Registration weight cannot exceed 105,500 lbs.
Trucks

Trucks that do not meet all Motor Vehicle safety requirements or are oversize or over width cannot be titled in North Dakota.

The following trucks SHOULD NOT BE TITLED in North Dakota.
Boom Crane

Does not meet all Motor Vehicle safety equipment requirements.
Hay Truck

Implement of husbandry designed and adapted exclusively for agricultural, horticultural, or livestock raising operations.
Military Tanks
Does not meet all Motor Vehicle safety equipment requirements.
Oversized Crane

Oversize and over width. Doubled shipping weight exceeds 105,500 lbs.
Scissor Lift Truck
Does not haul product or goods.
Self-Propelled Scraper

Does not meet all Motor Vehicle safety equipment requirements.
Work Over Rig

Does not meet all Motor Vehicle safety equipment requirements.
North Dakota considers Special Mobile Equipment as every vehicle not designed or used primarily to transport property or haul product and only incidentally operated or moved over a highway (NDCC 39-01-01 (81)).

Trailers designed to carry products or goods should be titled.

Trucks that meet all Motor Vehicle safety equipment requirements and do not exceed the weight limit of 105,500 lbs. should also be titled.

Equipment that does not meet these requirements should not be titled in North Dakota.
Special Mobile Equipment

Please contact the Motor Vehicle Division or visit our website with questions regarding Special Mobile Equipment.

Phone: 701-328-2725
