The Civil Rights Act of 1964 and related nondiscrimination authorities require the North Dakota Department of Transportation (NDDOT) to ensure that everyone has the opportunity to comment on the transportation programs and activities that may affect their community.

As part of the Public Input process, the NDDOT asks that you complete the NDDOT Title VI Public Participation Survey (State Form Number SFN 60149). The completion of the form is optional. You may provide comments on the project with or without submitting the Public Participation Survey form. Any information provided to the NDDOT will be retained solely for the purpose of collecting statistical data to ensure inclusion of all segments of the population affected by the transportation program and activities.

The form is intended for public participants attending the Virtual Public Input Meeting. It is not intended for NDDOT, city, county or consultant employees who are hosting the meeting.

The NDDOT Title VI Public Participation Survey SFN60149 is provided here as a fillable pdf form. You may complete the form in whole, or in part by filling in the blue boxes on the form. The form may be printed and mailed or it can be saved and attached to an email.
