## **I-94 eastbound and westbound lanes closed between Dickinson and Mandan** ***No Travel Advisory in western and central regions north of I-94***

The North Dakota Department of Transportation (NDDOT) and the North Dakota Highway Patrol (NDHP) have **CLOSED I-94 westbound and eastbound lanes between Dickinson and Mandan** due to blowing snow and near zero visibility. A **No Travel Advisory** has also been extended to western and central regions north of I-94 and the northwest region of the state due to snow, blowing snow, and reduced visibility creating hazardous driving conditions. This includes the cities and surrounding areas of Minot, Dickinson, Bismarck, Mandan, Williston, Crosby, Bowbells, Watford City, New Town, and Stanley. A **No Travel Advisory** means motorists should not travel due to hazardous conditions which may make it unsafe to travel.

A **Travel Alert** remains in effect for Devils Lake and surrounding areas due to snow and blowing snow causing reduced visibility conditions.

All travelers are encouraged to monitor road conditions, reduce traffic speeds as weather conditions occur and use caution while traveling. For road information, call 511 from any type of phone or go to the website: [www.dot.nd.gov](http://www.dot.nd.gov).

NDDOT releases information to inform the public about travel conditions throughout the state. The three categories are as follows:

- 1. TRAVEL ALERT** – Motorists can still travel but may encounter areas of challenging winter weather driving conditions on roadways. Motorists should allow extra time to reach their destination and be alert to conditions that may make travel difficult, change rapidly, or cause travel delays. A TRAVEL ALERT has the potential to change to a NO TRAVEL ADVISED if conditions deteriorate.
- 2. NO TRAVEL ADVISED** – Motorists should not travel due to hazardous conditions which may make it unsafe to travel. Snowplows may be pulled from the roads during severe conditions. Motorists should take NO TRAVEL ADVISED seriously as those motorists who choose to travel at their own risk may become stranded and emergency responders may not be able to reach them safely. A NO TRAVEL ADVISED has the potential to change to a ROAD CLOSED OR BLOCKED if conditions deteriorate.
- 3. ROAD CLOSED OR BLOCKED** – Motorists are not allowed to travel on a closed road due to life threatening conditions. The road may be impassible or blocked. Motorists who drive past a road closure device may be fined up to \$250.

Please be advised that road condition information on 511 and the travel map is updated daily from 5 a.m. until 9 p.m. CDT. The road report is based upon the information available to the NDDOT at the time of preparation and is provided solely as a public service. Conditions may vary from those reported.

If you become stranded, motorists should stay with their vehicle and call 911 for emergency assistance.
