## **Lewis and Clark Bridge to undergo maintenance work, traffic reduced to one lane**

Starting today, May 7, maintenance will be performed on the Lewis and Clark Bridge south of Williston. Work will be performed through the night to lessen the impact to the traveling public.

During this period:

- Traffic will be reduced to one lane of travel
- A pilot car will be used

Motorists are encouraged to use an alternate route: Southbound drivers should detour to 1804 to Highway 58 and then east on Highway 200 until reaching Highway 85. Northbound drivers should turn west at Highway 200 to Highway 58 then north to 1804 and east on Highway 2.

For more information about construction projects and road conditions throughout North Dakota, call 511 from any type of phone or visit the Travel Information Map on the NDDOT website at <http://www.dot.nd.gov/travel-info-v2/>.
