Construction on US Highway 2/85 in Williston underway at 11th Street intersection

Construction is underway on US Highway 2/85 and 11th Street from Gate Avenue to Frontage Road in Williston. US Highway 2/85 traffic will be reduced from four lanes to two lanes. This project consists of building a new intersection, paving work, travel lanes relocation and new traffic signals.

During construction:

- Traffic will be reduced to two lanes
- Drivers will not be allowed to turn left from US Highway 2 to 11th Street
- Speeds will be limited to 25 mph

The majority of the work will be completed with the traffic rerouted to the southbound lanes of US Highway 2/85. Traffic will be routed to the new intersection once the concrete roadway is completed. Road work will be completed in October, with the signals to be operational in March.

Help prevent work zone crashes. Motorists are encouraged to slow down, allow extra distance between their vehicles and the vehicle in front of them, use caution and obey flaggers and posted signs.
