## **New signal installation at US 2/52 and US 83 West Bypass intersection in Minot**

Construction of a new traffic signal will begin today at the intersection of US 2 and US 52 and the US 83 West Bypass in Minot. The existing signal system will be kept operational until the new system is activated.

During the project:

- Speeds will be reduced to 25 mph while work is in progress
- A width restriction of 16 feet will be in place
- Flaggers will be present
- Motorists may experience delays

The project is expected to be completed next week.
