NDDOT finalizes 2014-2017 Statewide Transportation Improvement Program and begins next planning cycle

The North Dakota Department of Transportation (NDDOT) 2014-2017 Final Statewide Transportation Improvement Program (STIP) is now available. The STIP is a four-year program of transportation improvements to be funded with federal highway and transit monies. Improvements include state and county highways, urban streets, roadway safety features, bikeways and busing programs.

An electronic copy of the Final STIP is located on the NDDOT website at www.dot.nd.gov by clicking on the Manuals and Publications icon on the left-hand side, then clicking on the "Final STIP 2014-2017" link under the Plans and Publications section. Copies will also be available for viewing at the district offices, or individual copies may be obtained from the NDDOT Programming Division upon request.

The North Dakota Department of Transportation is also requesting public comments as it prepares the 2015-2018 STIP. Public comments for any upcoming projects are being sought until January 6, 2014. In Bismarck-Mandan, Fargo-Moorhead and Grand Forks-East Grand Forks, urban area programs of projects are being prepared by the local Metropolitan Planning Organizations (MPO).

If you have any comments, or projects you would like to see in the near future, contact your district engineer, county engineer, MPO (Metropolitan Planning Office), BIA (Bureau of Indian Affairs), or other appropriate agency.
