Traffic detour around ND Highway 23 and ND Highway 73 intersection east of Watford City rescheduled to next week

A traffic detour east of Watford City scheduled for today, Wednesday, May 27 has been rescheduled to next week. Traffic will be rerouted onto a newly created onsite detour route around the intersection of ND Highway 23 and ND Highway 73 (Johnson's Corner) east of Watford City to allow crews to begin work on a roundabout at the intersection. The onsite detour is approximately one mile long. Motorists should use caution when traveling through the area.

During construction:

- Motorists should expect delays
- Flaggers will be in place
- Speeds will be reduced to 25 mph
- A 12-foot width restriction will be in place
- Motorists will be detoured onto temporary routes as needed throughout the project

Traffic will be detoured until the roundabout is completed in October.

The NDDOT Williston District serves the transportation needs of the communities in northwestern North Dakota, including Williston, Alexander, Watford City, New Town, Stanley, and Berthold. NDDOT has been working very hard to build new bypasses, expand roadways, and provide roadway improvements to enhance traffic movement.
