No Travel Advisory LIFTED in northeastern region of North Dakota; Travel Alert remains in effect

The North Dakota Department of Transportation (NDDOT) and the North Dakota Highway Patrol (NDHP) have LIFTED the **No Travel Advisory** for the northeastern region of North Dakota. A **Travel Alert** remains in effect due to areas of blowing snow and reduced visibility. Cities included in the **Travel Alert** are Valley City, Devils Lake, Jamestown, Grand Forks, Grafton, Adams, Cavalier, Drayton, Pembina and surrounding areas. A **Travel Alert** means conditions are such that **motorists can still travel** in these areas, but should be advised of rapidly changing conditions. Motorists are encouraged to reduce speeds and drive according to the conditions.

1. **TRAVEL ALERT** – Motorists can still travel but may encounter areas of challenging winter weather driving conditions on roadways. Motorists should allow extra time to reach their destination and be alert to conditions that may make travel difficult, change rapidly, or cause travel delays. A TRAVEL ALERT has the potential to change to a NO TRAVEL ADVISED if conditions deteriorate.
2. **NO TRAVEL ADVISED** – Motorists should not travel due to hazardous conditions which may make it unsafe to travel. Snowplows may be pulled from the roads during severe conditions. Motorists should take NO TRAVEL ADVISED seriously as those motorists who choose to travel at their own risk may become stranded and emergency responders may not be able to reach them safely. A NO TRAVEL ADVISED has the potential to change to a ROAD CLOSED OR BLOCKED if conditions deteriorate.
3. **ROAD CLOSED OR BLOCKED** – Motorists are not allowed to travel on a closed road due to life threatening conditions. The road may be impassible or blocked. Motorists who drive past a road closure device may be fined up to \$250.
