No Travel Advised in northeastern region of North Dakota

The North Dakota Department of Transportation (NDDOT) and the North Dakota Highway Patrol (NDHP) have issued a **No Travel Advisory** for the northeastern region North Dakota including the cities of Grafton, Adams, Cavalier, Drayton, Pembina and surrounding areas due to blowing snow and near zero visibility creating hazardous driving conditions. Conditions are such that motorists in this area **should not travel**.

A **Travel Alert** remains in effect for areas of Valley City, Devils Lake, Jamestown, Grand Forks and the surrounding areas due to blowing and drifting snow. A **Travel Alert** means conditions are such that **motorists can still travel** in these areas, but should be advised of rapidly changing conditions. Motorists are encouraged to reduce speeds and drive according to the conditions.

- 1. TRAVEL ALERT** – Motorists can still travel but may encounter areas of challenging winter weather driving conditions on roadways. Motorists should allow extra time to reach their destination and be alert to conditions that may make travel difficult, change rapidly, or cause travel delays. A TRAVEL ALERT has the potential to change to a NO TRAVEL ADVISED if conditions deteriorate.
- 2. NO TRAVEL ADVISED** – Motorists should not travel due to hazardous conditions which may make it unsafe to travel. Snowplows may be pulled from the roads during severe conditions. Motorists should take NO TRAVEL ADVISED seriously as those motorists who choose to travel at their own risk may become stranded and emergency responders may not be able to reach them safely. A NO TRAVEL ADVISED has the potential to change to a ROAD CLOSED OR BLOCKED if conditions deteriorate.
- 3. ROAD CLOSED OR BLOCKED** – Motorists are not allowed to travel on a closed road due to life threatening conditions. The road may be impassible or blocked. Motorists who drive past a road closure device may be fined up to \$250.
