## Travel Alert issued for south central North Dakota

The North Dakota Department of Transportation along with the North Dakota Highway Patrol have issued a **travel alert** for south central North Dakota due to heavy snow and slush accumulating on the roadway. Areas included in the **travel alert** are Bismarck, Selfridge, Wishek, Jamestown and surrounding areas. Heaviest concentration of snow fall is along the South Dakota border in south central ND.

A **Travel Alert** means conditions are such that **motorists can still travel** in these areas, but should be advised of rapidly changing conditions. Motorists are encouraged to reduce speeds and drive according to the conditions.

All travelers are encouraged to monitor road conditions as weather conditions occur and use caution while traveling. For road information, call 511 from any type of phone or go to the website: [www.dot.nd.gov](http://www.dot.nd.gov).
