Newly installed traffic signal at the intersection of US 85B and ND 23 south of Watford City to be operational today

A newly installed traffic signal at the intersection of Watford City South Business Route (US Highway 85B) and ND Highway 23 south of Watford City will be operational today, Wednesday, June 17. The installation of the signal will allow traffic to easily access ND Highway 23. Work is continuing on a new traffic signal at the intersection of US Highway 85 and ND Highway 68 near Alexander.

The NDDOT Williston District serves the transportation needs of the communities in northwestern North Dakota, including Williston, Alexander, Watford City, New Town, Stanley, and Berthold. NDDOT has been working very hard to build new bypasses, expand roadways, and provide roadway improvements that will enhance traffic movement in this very fast growing part of the state to get motorists where they need to go safely.
