Speeds reduced at times to allow heavy equipment to enter US Highway 85 near 13-mile corner north of Williston

Speeds will be reduced to 45 mph in various areas on US Highway 85 from the US Highway 2/85 intersection (13-mile corner) to 7 miles north of the 2/85 intersection north of Williston as needed to allow heavy equipment to enter and exit the roadway. This is part of a paving and widening project on US Highway 85 which extends from the 2/85 intersection to the intersection of ND Highway 50.

During construction:

- Motorists are advised to watch for trucks and equipment exiting and entering the roadway

Various traffic restrictions will be in place on this portion of US Highway 85 throughout the construction season.

The NDDOT Williston District serves the transportation needs of the communities in northwestern North Dakota, including Williston, Alexander, Watford City, New Town, Stanley, and Berthold. NDDOT has been working very hard to build new bypasses, expand roadways, and provide roadway improvements to enhance traffic movement.
