12-foot width restriction in place on final portion of Williston Northwest Truck Reliever Route

A 12-foot width restriction is in place on the final portion of the Williston Northwest Permanent Truck Reliever Route from 140th Ave NW to the US Highway 2 intersection near Love's Travel Stop to allow crews to continue paving work.

The 12-foot width restriction will be removed when the remaining two lanes of this portion of the Williston Northwest Permanent Truck Reliever Route open later this fall.

The NDDOT Williston District serves the transportation needs of the communities in northwestern North Dakota, including Williston, Alexander, Watford City, New Town, Stanley, and Berthold. NDDOT has been working very hard to build new bypasses, expand roadways, and provide roadway improvements to enhance traffic movement.
