I-94 traffic between Bismarck and Mandan on Grant Marsh Bridge reduced to one lane at times

Maintenance work will be taking place on the Grant Marsh Bridge on I-94 between Bismarck and Mandan beginning this month. During the work, the eastbound and westbound lanes will be reduced to one lane of traffic intermittently throughout the duration of the project. Lane closures will ONLY take place in the evenings after 6 p.m. and during the daytime hours on the weekends as needed. Speeds will be reduced during lane closures.

The project is expected to be complete this summer.
