Motor Vehicle Branch Offices will temporarily close for two-day employee training

Next month, a number of Motor Vehicle Branch offices across the state will temporarily close for two days to attend mandatory staff training affecting vehicle registration and renewal services. The training sessions will begin in early May and run through early June. These closures will allow Motor Vehicle employees to attend off-site training. To see a list of statewide motor vehicle offices go to our website at <https://www.dot.nd.gov/divisions/mv/docs/mvsiteloc.pdf>.

Vehicle owners can still renew vehicles at other locations across the state or online at: <https://apps.nd.gov/dot/mv/mvrenewal/renewal.htm>. During this time, all Drivers License sites across the state will remain open to provide services during regular business hours.

Please check the following schedule for locations and dates of closures:

May 3 & 4

Beulah
Valley City

May 5 & 6

Emmons County
Grant County
