**NOTES:**

1. See Standard Drawings D-752-1 BARBED WIRE FENCE and D-752-3 STANDARD WOVEN WIRE FENCE for fencing details.

2. Include all costs for furnishing and installing inserts, eyebolts, and wire in the unit price bid for fencing bid items. Use eyebolts galvanized according to AASHTO designation M-30. Cast-in-place concrete inserts capable of developing the full strength of the corrosion-resistant material do not require galvanization. Use galvanized inserts of the same gauge as for fencing, and wire in the unit price bid for fencing bid items. Use eyebolts 5/8" diameter threaded eyebolt, when installed in concrete.
