NOTES:

1) Discontinue edgeline rumble strips through the entire length of right turn lanes, 100' before right turn lane start, 100' before the radius of a paved or gravel highway, section line, approach, or private drive.

2) Discontinue centerline rumble strips through the entire length of left turn lanes, 100' before left turn lane length, 100' before and after a paved or gravel highway, section line, approach, or private drive.

Discontinue rumble strip approx. 12" on both sides of PCC transverse joint.
