

Public Open Houses

The North Dakota Department of Transportation (NDDOT) is developing a Statewide Active and Public Transportation Plan (ND Moves) to review and identify existing and emerging needs, and recommend strategies for the future of biking, walking, rolling, and transit across the state.

We want to hear from state, regional, and local stakeholders.

Please join us for one of eight open houses across the state where you will be able to learn more about how this plan has progressed, and share your thoughts on a proposed statewide bicycle network.
