NDDOT TECHNICAL CERTIFICATION PROGRAM (TCP) CONCRETE FIELD TESTING

OVERVIEW

ACI Concrete Field-Testing Technician 1 is accepted, ***by request***, for ND TCP Concrete Field-Testing certification.

To receive acceptance of your ACI certification, complete an Application for Reciprocity form and submit that along with a copy or picture of your current ACI card. Once the application is accepted, your ND TCP certification record will display *Concrete Field Testing*.

It is your responsibility to provide notification of certification status (when the class is repeated).

The form may be found via a link on the TCP web page under Resources, or by clicking this link

CLASS SCHEDULE

The schedule and registration are available from the ND Ready Mix and Concrete website. Please click their link to verify dates shown below. They are provided as a courtesy, but they may change.
